

I Have Special Powers!

In a world where so many people are weak, isn't it great to have power and strength? God's people have always had special powers – The Bible says Adam had power to rule the whole world, Abraham had power to form a new nation, Moses had power to lead millions of people to the Promised Land, Deborah had power to lead a whole nation, Elijah had power to tell the future, Tabitha had power to help all the poor women in her community and there are many other examples of God's people being powerful. Sadly, some people don't have the power to forgive past hurts done to them. Some are powerless to quit bad habits or addictions. Some are powerless to control their anger or their fears. We should pray for them to become a part of God's family. Yes, if you are in God's family, you can be sure you have special powers. How will you use your powers and abilities to please God and help others? Always talk to God about how He wants you to use your *“spirit of power and love and discipline”*.

Thought: Using your special powers to please God and help others leads to you getting special rewards!
